

# INGRAIN

A HALLIBURTON SERVICE

## You're Invited

**A DATA ACQUISITION CAMPAIGN  
FOR ALASKA RESERVOIRS**

Tuesday, August 24, 2021 | 2 – 5 p.m.

King Street Brewing Company, Anchorage

**HALLIBURTON**

# A Data Acquisition Campaign for Alaska Reservoirs

Catered meet and greet

August 24, 2021

2 – 5 p.m.

The Alaska Resource Coalition, which includes the Division of Geological and Geophysical Surveys, and Halliburton invite you to a meet and greet, where you will meet Jacob Proctor, the Product Champion for Digital Lab Services at Halliburton. He will demo software and discuss the technical opportunities that will be enjoyed as a result of the Ingrain scope of work.

Jacob will be in Anchorage the week of August 23 to discuss how the data acquisition campaign can help address your asset development program and customize the scope of work in private conversations to better suit your organization's needs.

The goal of this data acquisition campaign is to integrate across scales using state-of-the-art hardware and workflows. It's not enough to just acquire data, we all need rich data sets for machine learning and software for improved data access.

If you missed the June 30 or July 22 webinars, they are linked on the Geological Materials Center webpage: <https://dggs.alaska.gov/gmc/tech-session.html>.
